

Hinsdale Physicians Healthcare May 2009 BULLETIN

EZNET

HPH requires providers to register for NAMM's free internet service, EZ-NET. Access to EZ-NET enables your office to view eligibility, authorizations, and claims status 24 hours a day, seven days a week. The information viewed through EZNET will provide you with real time data, without making unnecessary phone calls.

Please be reminded, if you currently have access to EZNET and have not used your login within 60 days of activation, your password must be reset. This can be done by contacting your Provider Relations Representative.

HPH will require mandatory EZNET Access by June 1, 2009. Please contact Frances Guerrero, Provider Relations, at (708) 432-0009.

Global Obstetrical Care Rate

The Hinsdale Physicians Healthcare Executive Finance and Contracting Committee has approved an increase to the Global Obstetrical Fee Schedule. Effective January 1, 2009 (retro-active), the new HPH Global Obstetrical Rate has increased to \$2,800.

Rotarix

We are pleased to announce that effective June 1, 2009, HPH has added Rotarix (CPT Code 90681) on the Immunization Fee Schedule. HPH will reimburse at a flat rate of \$115. Rotarix is a vaccine specifically indicated for the prevention of rotavirus gastroenteritis administered as a 2-dose series in infants and children.

Gastroenterology: Tray Fee

This is a reminder to all Gastroenterology Groups to not bill for tray fee (CPT Code A4649) on members who have Medicare Primary.

Pediatric Panel Openings

We are pleased to announce that effective May 1, 2009, two of our Pediatric Groups has opened their panels to new HMO members.
